

# Kerbside (Calderdale)

A Social Enterprise Helping People Into Work Through Recycling

Our collection vehicle will be passing your property on a fortnightly basis on the dates highlighted.

Please note that if your EcoBox is not at the kerbside before 9am it may not be collected.

If your recycling doesn't fit in the box, please request a second box or put your materials for recycling in carrier bags next to the box.

Apologies to those whose box we miss or fail to return.

## Recycling for Business

You recycle at home with us, now you can start recycling at work. We are now providing a recycling service to small and medium sized businesses in Calderdale. We can collect from your workplace or you can deliver materials to us.

As more people recycle at home it is time to look at what is happening to the waste you produce at work. Our recycling service is easy and convenient and will help your business do its bit to protect the environment. We can arrange regular collections and will provide you with collection boxes or sacks. We can recycle paper, cardboard, glass, drink and food cans and printer cartridges.

By signing up to our recycling service your business will also receive promotional posters to help set up the scheme, certificates to show your customers that you are recycling and an audit trail of materials and amounts recycled.

There is a small charge for using our collection service, but you can deliver materials to us free of charge.

If you are interested in joining our recycle at work scheme give Chris a call on 01422 881110 or e-mail him at [chris@kerbside.org.uk](mailto:chris@kerbside.org.uk)

Your collection dates change in January, please check the calendar on the back page

## NEW RECYCLING RECORD

Together we recycled 542 tonnes between June and August.

That's the weight of 470 of these!

## PLEASE HELP

Our lottery funding ends in March 07.

We need your support to continue recycling, training and promoting a community spirit.

- Please recycle all you can with Kerbside, we convert tonnes to £s to helping people into employment.

- Only use the household waste sites for recycling that cannot be recycled with us.

- Our service helps Calderdale MBC meet recycling targets so positive and constructive

letters of support for Kerbside to the Leader of the Council may help. Calderdale Council, FREEPOST HX3157, Chief Executive's Office, Town Hall Halifax HX1 1BR or on e-mail [chiefexecutive@calderdale.gov.uk](mailto:chiefexecutive@calderdale.gov.uk)

## WE RECYCLE PEOPLE TOO

Our COMMUNITY has many people whose talents lie in WASTE through lack of opportunity. Your recycling creates opportunities for that WASTE of talent to be RECYCLED. Take a look inside for one of the many examples of RECYCLING PEOPLE.

- 18 unemployed people given the chance of paid employment.
- 11 long-term unemployed people given the chance of paid employment.
- In 2006:
  - 26 training and volunteering opportunities.
  - 2500 hours of training and volunteering opportunities.

BUSINESSES Recycle with us. See back page for contact details

## A Social Enterprise Helping People Into Work Through Recycling

### Luddenden Dene Junior and Infants Visit Kerbside

Luddenden Dene pupil Lewis Lootes-Dalton said about their visit, I liked seeing the big blocks of steel called biscuits made from crushed cans, we could have biscuits of plastics too! Kerbside is good so that most off the earth is not just big piles of junk.

The pupils were interested in why plastics were not collected and recycled. Kerbside would love to recycle plastic and receive many requests for this. The council targets are based on weight and we are paid per tonne collected. Plastics are light and take up a lot of space.

Luddenden Dene pupil Caitlin Carter said about her visit, I have learnt that Kerbside recycle so that we can save trees, which saves the habitats of many small creatures.

Pupils from Luddenden Dene J&I School with Paul Brannigan of Kerbside (fluorescent) and Mark Shillitoe (back of shot)

### RECYCLE YOUR MOBILE PHONE WITH KERBSIDE

Kerbside (Calderdale) are starting a new project recycling Mobile Phones. The project generated a job for Ian Bottomley, (pictured). A long term unemployed person.

The project has already got it's first phones, and looks like being a popular project for trainee's to help work on.

We would like to place Kerbside boxes in schools and business premises for Collection points for the mobile phones, if any business or school would like a box please contact Ian, on the usual Kerbside contact address.

Presentation			
What to do	Separation	✓	Put each material into a separate tied bag - i.e. a bag for paper, a bag for textiles, a bag for tin cans, a bag for each different colour of glass (green, clear and brown)
	EcoBox	✓	Put each bag in your EcoBox
	Collection	✓	Place your EcoBox at the kerbside prior to 9am on the collection day highlighted on the calendar on the back page
	Excess material	✓	Please place beside your box. <b>Additional boxes are available on request</b>
	Special requests	✓	Contact us and we'll try to accommodate your request

Materials
